

# Automatic notification when parts are available on the webshop again

When you discover that an article is not available currently, you have an option to receive a **notification e-mail** as soon as the article becomes available again.

If you decide to click on an article on the web page for further details or to purchase it and it is not available, you will discover a notification on the right of the picture.

## Rocker Cover

Please inform me as soon as the product is available again.

 

€39.90 \*

Prices incl. VAT plus shipping costs  
(non EU export price: €33.25)

• Please ask for delivery time

Please **enter an e-mail address** and **submit** it. Inform me when the article is available again.

## Rocker Cover

✓ Please confirm the link contained in the email that you have just received. We will inform you as soon as the product is available again.

You will receive a **confirmation**

By **clicking the link** on the e-mail confirmation it prevents the availability e-mail going to a wrong e-mail address.

So with everything done, you will automatically receive notification as soon as the article is back in stock.
